Thanks Sarah: Valois and I briefly discussed on our way back from the COGCC offices. It could be time intensive to compile all of the comments for posting without Cadmus' help. Perhaps the three of us can meet briefly to determine how best to get this done and

Hi Valois and Douglas –

We'll need to get Darcy's buy in as well, but I support posting the transcripts and the public comments received. I think it makes more sense to post the individual comments rather than any analysis of comments – I'm trying to think about how the Agency usually does that on the docket. Let me know what you think about that as then it could happen sooner rather than waiting on Cadmus to do a summary/grouping.

Thanks Valois and sorry I missed seeing this before I sent my response. Copying in Sarah in case she has any input, etc.

Sarah: I support posting all public comments and transcripts on our website at the appropriate time.
